MUSIC.

Systematic and thorough instruction in Vocal Music is given, without extra charge, to all members of the Institution, who desire it. A large portion of the pupils are attending to this branch of study. Instruction in Instrumental Music, by competent teachers, can also be had at moderate charges.

TERMS OF ADMISSION, EXPENSES, &c.

The conditions of admission to the Theological Department are, hopeful piety, and liberal education at some college, unless the candidate has otherwise qualified himself for pursuing with advantage the prescribed course of study. He is expected to bring a certificate of good standing in some Evangelical church.

Candidates for admission to either of the other Departments must bring testimonials of good character, and those who come from other Institutions must bring a certificate of honorable dismission. None are admitted to full membership until they have honorably passed a probation of six months.

Tuition is not charged in the Theological Department. In all other Departments it is $15 per year for young men, and $12 for young ladies.

Board at the public Hall is one dollar per week, payable monthly in advance; in the village, from $1,00 to $1,25. Washing is 38 cents per dozen. Room-rent in the College buildings is from $4,00 to $6,00 per annum. Each room is furnished with a stove only. The charge for Incidental Expenses is $2,00 for young gentlemen, and $1,00 for young ladies. Wood is 1,00 per cord.

Students are required to pay their term bills in advance, or give good security.

YOUNG LADIES' DEPARTMENT.

Young Ladies from abroad, desiring to receive instruction at this Institution, must make *previous application in writing*, certifying their present attainments, character and promise of usefulness—their health, and disposition in regard to domestic labor, and unless much advanced in our course, their intention to pursue their studies here for at least two years. They must be not less than sixteen years of age. Of the applicants those who design to pursue the whole course, who are most advanced in study, and who afford the greatest promise of usefulness, will have the preference, and as many as can be accommodated, will be selected and apprised of their admission. The committee who have charge of this business, will also decide on the application of young ladies from the village, and as we have frequent application from individuals who wish to take up some particular study, review others, and have the privilege of attending the lectures of the Faculty, the committee will use their discretion with respect to such cases.

Those who become members will be required to pursue, *in regular order*, our established course of study, with the exception of the branches with which they may be familiar; and on these they will be subjected to an examination when they enter the Institution. Young ladies in College are required to conform to the general regulations of the Female Department. It is hoped that parents will not make arrangements for their daughters to visit home frequently during term time, since it essentially hinders their progress in study. Young ladies who do not board at the Ladies' Hall, will be under the direction of the Principal of this Department in engaging board elsewhere.

Tuition is $12, and Incidental Expenses $1 per year, paid in advance for each term at its commencement. Room-rent in Ladies' Hall is from 7 to 10 cents per week. Each room is furnished with a stove, bedstead, table and chairs. For manual labor, young ladies usually receive from three to four cents per hour, according to their efficiency. Some have paid their board by manual labor, but they were those who were skilled in some lucrative employment, or had some responsible station in the domestic department. It is found that the highest good of the young ladies, physical, mental, and moral, is best promoted by not attempting to do more than defray about half the expense of their board.

TEACHERS' COURSE.

In view of the importance which Common School Teaching has assumed, a Teachers' Department has been established, embracing most of the studies pursued in the Collegiate Course, except the languages, with such additions as are necessary to adapt it to its purpose.

The members of this Department will recite with the College Classes when pursuing the same studies, will be entitled to all the privileges of such classes, and at the completion of their course will receive the Teachers' Diploma.

MISCELLANEOUS ITEMS.

The Annual Commencement occurs on the Fourth Wednesday of August. There are three Terms, the First beginning with the Annual Commencement, the Second on the Fourth Wednesday of February, and the Third on the Fourth Wednesday of May. There is one Vacation, which begins on the Fourth Wednesday of November and ends on the Fourth Wednesday of February, and also a recess from study during the week of the Fourth of July.

Indigent students preparing for the Christian ministry, and possessing the requisite qualifications, may receive aid on application by those in College to the College Faculty, and by those in the Preparatory Department to the Oberlin Board of Education.

The Institution cannot *pledge* itself to furnish labor to all the students. However, *diligent and faithful young men* can usually obtain sufficient employment from the Institution or from the inhabitants of the village. Many by daily labor have been able to pay their board. Others have not been able to do this, while others still have paid their board, washing and room-rent.

The long vacation gives an opportunity, to those who are qualified, to engage in teaching, by the avails of which many pay a large part of their expenses.

All books required in the Institution can be obtained at reasonable prices at the Bookstores in the village.

MUSIC.

Systematic and thorough instruction in Vocal Music is given, without extra charge, to all members of the Institution, who desire it. A large portion of the pupils are attending to this branch of study. Instruction in Instrumental Music, by competent teachers, can also be had at moderate charges.

Terms of Admission, Expenses, &c.

The conditions of admission to the Theological Department, are hopeful piety and liberal education at some college, unless the candidate has otherwise qualified himself for pursuing with advantage the prescribed course of study. He is expected to bring a certificate of good standing in some Evangelical church.

Candidates for admission to either of the other Departments must bring testimonials of good character, and those who come from other Institutions must bring a certificate of honorable dismission. None are admitted to full membership until they have honorably passed a probation of six months.

Tuition is not charged in the Theological Department. In all other Departments it is $15 per year for young men, and $12 for young ladies.

Board is from $1, to $1,25 per week. Washing is 38 cents per dozen. Room-rent in the college buildings is from $4, to $6, per annum. Each room is furnished with a stove only. The charge for Incidental expenses is $2, for young gentlemen, and $1, for young ladies. Wood is $1,25 per cord.

Students are required to pay their term bills in advance, or give good security.

YOUNG LADIES' DEPARTMENT.

Young Ladies from abroad, desiring to receive instruction at this Institution, must make *previous application in writing*, certifying their present attainments, character, and promise of usefulness—their health and disposition in regard to domestic labor, and, unless much advanced in our course, their intention to pursue their studies here for at least two years. They must be not less than sixteen years of age. Of the applicants, those who design to pursue the whole course, who are most advanced in study, and who afford the greatest promise of usefulness, will have the preference, and as many as can be accommodated, will be selected and apprised of their admission. The committee who have charge of this business, will also decide on the application of young ladies from the village, and as we have frequent application from individuals who desire to take up some particular study, review others, and have the privilege of attending the lectures of the Faculty, the committee will use their discretion in regard to such cases.

Those who become members, will be required to pursue, *in regular order*, our established course of study, with the exception of the branches with which they may be familiar : and on these they will be subjected to an examination when they enter the Institution. Young Ladies in College are required to conform to the general regulations of the Female Department. It is hoped that parents will not make arrangements for their daughters to visit home frequently during term time, since it essentially hinders their progress in study. Young ladies who do not board at the Ladies' Hall, will be under the direction of the Principal of this Department in engaging board elsewhere.

Tuition is $12, and Incidental Expenses $1 per year, paid in advance for each term at its commencement. Room-rent in Ladies' Hall is from 7 to 10 cents per week. Each room is furnished with a stove, bedstead, table and chairs. For manual labor, young ladies usually receive from three to four cents per hour, according to their efficiency. Some have paid their board by manual labor, but they were those who were skilled in some lucrative employment, or had some responsible station in the domestic department. It is found that the highest good of the young ladies, physical, mental, and moral, is best promoted by not attempting to do more than defray about half the expense of their board.

TEACHERS' COURSE.

In view of the importance which common school teaching has assumed, a Teachers' Department has been established, embracing most of the studies pursued in the Collegiate Course, except the languages, with such additions as are necessary to adapt it to its purpose.

The members of this Department will recite with the College classes when pursuing the same studies, will be entitled to all the privileges of such classes, and at the completion of their course will receive the Teachers' Diploma.

MISCELLANEOUS ITEMS.

The Annual Commencement occurs on the Fourth Wednesday of August. There are three Terms, the First beginning with the Annual Commencement, the Second on the Fourth Wednesday of February, and the Third on the Fourth Wednesday of May. There is one vacation, which begins on the Fourth Wednesday of November, and ends on the Fourth Wednesday of February, and also a recess from study during the week of the Fourth of July.

Indigent students preparing for the Christian ministry, and possessing the requisite qualifications, may receive aid on application by those in College to the College Faculty, and by those in the Preparatory Department to the Oberlin Board of Education.

The Institution cannot *pledge* itself to furnish labor to all the students. However, *diligent and faithful young men* can usually obtain sufficient employment from the Institution or from the inhabitants of the village. Many by daily labor have been able to pay their board. Others have not been able to do this, while others still have paid their board, washing and room-rent.

The long vacation gives an opportunity to those who are qualified, to engage in teaching, by the avails of which many pay a large part of their expenses.

All books required in the Institution can be obtained at reasonable prices at the Bookstores in the village.

MUSIC.

Systematic and thorough instruction in Vocal Music is given, without extra charge, to all members of the Institution who may desire it. A large portion of the pupils attend to this Branch of study.

Although instruction in Instrumental Music forms no part of the course of the Institution, yet ample facilities are here afforded, WITH EXTRA CHARGE, to those who wish instruction in instrumental music. In this department special pains have been taken during the past year to provide suitable Instruments for practise, and to procure thoroughly competent teachers, while at the same time the terms are as moderate as can possibly be afforded.

For the Piano-Forte the terms are Eight Dollars a quarter for tuition, and the usual additional charges for the use of instruments.

Young ladies connected with the Institution desiring instruction in this department, are required to make their arrangements under the direction of the Professor of Music.

TERMS OF ADMISSION, EXPENSES, &c.

The conditions of admission to the Theological Department, are hopeful piety and liberal education at some college, unless the candidate has otherwise qualified himself for pursuing with advantage the prescribed course of study. He is expected to bring a certificate of good standing in some Evangelical church.

Candidates for admission to either of the other Departments must bring testimonials of good character, and those coming from other Institutions must bring a certificate of honorable dismission. None are admitted to full membership until they have honorably passed a probation of six months.

Tuition is not charged in the Theological Department. In all other Departments it is $15 per year for young men, and $12 for young ladies.

Board is from $1,12½ to $1,50 per week. Washing is 38 cents per dozen. Room-rent in the college buildings is from $4, to $6, per annum. Each room is furnished with a stove only. The charge for Incidental Expenses is $2, for young gentlemen, and $1, for young ladies. Wood is $1,25 per cord.

Students are required to pay their term bills in advance, or give good security.

YOUNG LADIES' DEPARTMENT.

Young Ladies from abroad, desiring to receive instruction at this Institution, must make previous application in writing, certifying their present attainments, character and promise of usefulness—their health and disposition in regard to domestic labor, and, unless much advanced in our course, their intention to pursue their studies here for at least two years. They must be not less than sixteen years of age. Of the applicants, those who design to pursue the whole course, who are most advanced in study, and who afford the greatest promise of usefulness, will have the preference, and as many as can be accommodated, will be selected and apprised of their admission. The committee who have charge of this business, will also decide on the application of young ladies from the village; and as we have frequent application from individuals who desire to take up some particular study, review others, and have the privilege of attending the lectures of the Faculty, the committee will use their discretion in regard to such cases.

Those who become members, will be required to pursue, in regular order, our established course of study, with the exception of the branches with which they may be familiar; and on these they will be subjected to an examination when they enter the Institution. Young Ladies in College are required to conform to the general regulations of the Female Department. It is hoped that parents will not make arrangements for their daughters to visit home frequently during term time, since it essentially hinders their progress in study. Young ladies who do not board at the Ladies' Hall, will be under the direction of the Principal of this Department in engaging board elsewhere.

Tuition is $12, and Incidental Expenses $1, per year, paid in advance for each term at its commencement. Room-rent in Ladies' Hall is from 7 to 10 cents per week. Each room is furnished with a stove, bedstead, table and chairs. For manual labor, young ladies usually receive from three to four cents per hour, according to their efficiency. Some have paid their board by manual labor, but they were those who were skilled in some lucrative employment, or had some responsible station in the domestic department. It is found that the highest good of the young ladies, physical, mental, and moral, is best promoted by not attempting to do more than defray about half the expense of their board.

TEACHERS' COURSE

In view of the importance which common school teaching has assumed, a Teachers' Department has been established, embracing most of the studies pursued in the Collegiate Course, except the languages, with such additions as are necessary to adapt it to its purpose.

The members of this Department will recite with the College classes when pursuing the same studies, will be entitled to all the privileges of such classes, and at the completion of their course will receive the Teachers' Diploma.

MISCELLANEOUS ITEMS.

The Annual Commencement occurs on the Fourth Wednesday of August. There are three Terms, the First beginning with the Annual Commencement, the Second on the Fourth Wednesday of February, and the Third on the Fourth Wednesday of May. There is one vacation, which begins on the Fourth Wednesday of November, and ends on the Fourth Wednesday of February, and also a recess from study during the week of the Fourth of July.

Indigent students preparing for the Chrtstian ministry, and possessing the requisite qualifications, may receive aid on application by those in College to the College Faculty, and by those in the Preparatory Department to the Oberlin Board of Education.

The Institution does not pledge itself to furnish labor to the students; but arrangements have been made with those who lease the lands of the College to furnish employment to a certain extent. The College also gives employment to a few around the buildings.—Diligent and faithful young men can also usually obtain sufficient employment from the inhabitants of the village; every facility being afforded by the College to give students an opportunity of laboring. Many by daily labor have been able to pay their board.—Others have not been able to do this, while others still have paid their board, washing, and room-rent.

The long vacation gives an opportunity to those who are qualified, to engage in teaching, by the avails of which many pay a large part of their expenses.

All books required in the Institution can be obtained at reasonable prices at the Book-stores in the village.

MUSIC.

Systematic and thorough instruction in Vocal Music is given, without exrra charge, to all members of the Institution who may desire it. A large portion of the pupils attend to this branch of study.

Although instruction in Instrumental Music forms no part of the course of the Institution, yet ample facilities are here afforded, WITH EXTRA CHARGE, to those who wish instruction in instrumental music. In this department, special pains have been taken during the past year to provide suitable instruments for practice, and to procure thoroughly competent teachers, while at the same time the terms are as moderate as can possibly be afforded.

For the Piano Forte the terms are eight dollars a quarter for tuition, and the usual additional ch rge for the use of instruments.

Young ladies connected with the Institution, desiring instruction in this department, are required to make their arrangements under the direction of the Professor of Music.

TERMS OF ADMISSION, EXPENSES, &c.

The conditions of admission to the Theological Department, are hopeful piety and liberal education at some College, unless the candidate has otherwise qualified himself for pursuing with advantage the prescribed course of study. He is expected to bring a certificate of good standing in some evangelical church.

Candidates for admission to either of the other Departments must bring testimonials of good character, and those coming from other institutions must bring a certificate of honorable dismission. None are admitted to full membership until they have honorably passed a probation of six months.

Tuition is not charged in the Theological Department. In all other Departments it is $15 per year for young men, and $12 for young ladies.

Board is from $1.13 to $1.50 per week. Washing is 50 cents per dozen. Room-rent in the College buildings is from $4 to $6 per annum. Each room is furnished with a stove only. The charge for Incidental Expenses is $2 for young gentlemen, and $1 for young ladies. Wood is $1.50 per cord.

Students are required to pay their term-bills in advance, or give good security.

YOUNG LADIES' DEPARTMENT.

Young ladies from abroad, desiring to receive instruction at this Institution, must make previous application in writing, certifying their present attainments, character and promise of usefulness—their health, and disposition in regard to domestic labor, and unless much advanced in our course, their intention to pursue their studies here for at least two years. They must be not less than sixteen years of age. Of the applicants, those who design to pursue the whole course, who are most advanced in study, and who afford the greatest promise of usefulness, will have the preference, and as many as can be accommodated will be selected and apprised of their admission. The committee who have charge of this business, will also decide on the application of young ladies from the village; and as we have frequent applications from individuals who desire to take up some particular study, review others, and have the privilege of attending the lectures of the Faculty, the committee will use their discretion with regard to such cases.

Those who become members, will be required to pursue, in regular order, our established course of study, with the exception of the branches with which they may be familiar; and on these they will be subjected to an examination when they enter the Institution. Young Ladies in College are required to conform to the general regulations of the Female Department. It is hoped that parents will not make arrangements for their daughters to visit home frequently during term time, since it essentially hinders their progress in study. Young Ladies who do not board at the Ladies' Hall, will be under the direction of the Principal of this Department in engaging board elsewhere.

Tuition is $12, and Incidental Expenses $1, per year, paid in advance for each term at its commencement. Room-rent in Ladies' Hall is 7 to 10 cents per week. Each Room is furnished with a stove, bedstead, table and chairs. For manual labor, young ladies usually receive from three to four cents per hour, according to their efficiency. Some have paid their board by manual labor, but they were those who were skilled in some lucrative employment, or had some responsible post in the domestic department. It is found that the highest good of the young ladies, physical, mental and moral, is best promoted by not attempting to do more than defray about half the expense of their board.

TEACHERS' COURSE.

In view of the importance which common school teaching has assumed, a Teachers' Department has been established, embracing most of the studies pursued in the Collegiate Course, except the languages, with such additions as are necessary to adapt it to its purpose.

The members of this Department will recite with the College classes when pursuing the same studies, will be entitled to all the privileges of such classes, and at the completion of their course will receive the Teachers' Diploma.

MISCELLANEOUS ITEMS.

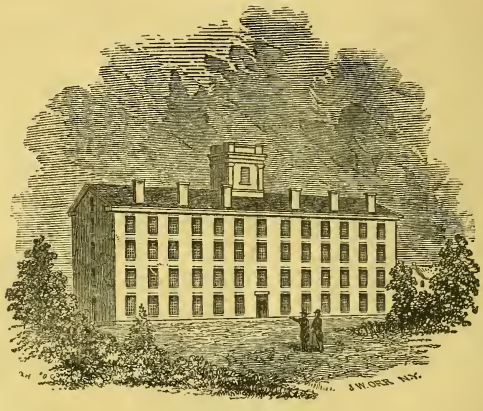

The Annual Commencement occurs on the Fourth Wednesday of August. There are three Terms, the first beginning with the Annual Commencement, the second on the fourth Wednesday of February, and the third on the fourth Wednesday of May. There is one vacation, which begins on the fourth Wednesday of November, and ends on the fourth Wednesday of February, and also a recess from study during the week of the Fourth of July.

Indigent students preparing for the Christian ministry, and possessing the requisite qualifications, may receive aid on application by those in College to the College Faculty, and by those in the Preparatory Department to the Oberlin Board of Education.

The Institution does not pledge itself to furnish labor to the students; but arrangements have been made with those who lease the lands of the College to furnish employment to a certain extent. The College also gives employment to a few around the buildings. Diligent and faithful young men can usually obtain sufficient employment from the inhabitants of the village; every facility being afforded by the College to give students an opportunity of laboring. Many by daily labor have been able to pay their board. Others have not been able to do this; while others, still, have paid their board, washing and room-rent.

The long vacation gives an opportunity to those who are qualified, to engage in teaching, by the avails of which many pay a large part of their expenses.

All books required in the Institution can be obtained at reasonable prices at the Bookstores in the village.

Special attention is given to those preparing to teach.

MUSICAL DEPARTMENT.

VOCAL MUSIC.—Systematic and thorough instruction in vocal music is given, without extra charge, to all members of the Institution who desire it. A large portion of the pupils attend to this branch of study.

INSTRUMENTAL MUSIC.—Ample facilities, under competent and experienced teachers, are afforded to all who wish instruction in instrumental music.

TERMS:

Tuition per quarter, ...	$8,00
Use of Instrument, ...	2,00

Young Ladies connected with the Institution, are required to make their arrangements for music under the direction of the Superintendent, Prof. Geo. N. Allen.

TERMS OF ADMISSION, EXPENSES, ETC.

The conditions of admission to the Theological Department are, hopeful piety and liberal education at some College, unless the candidate has otherwise qualified himself for pursuing with advantage the prescribed course of study. He is expected to bring a certificate of good standing in some evangelical church.

Candidates for admission to either of the other Departments, must bring testimonials of good character, and those coming from other institutions must bring a certificate of honorable dismission. None are admitted to full membership until they have honorably passed a probation of six months. None will be received under sixteen years of age, unless committed to the special care of some approved resident of the place; nor any under fourteen, except by special arrangement with the Faculty or Principal of the Female Department.

Tuition is not charged in the Theological Department. In all the other Departments it is $15 per year for young men, and $12 for young ladies.

Board is from $1,25 to $1,50 per week. Washing is 50 cents per dozen. Room-rent in the College buildings is from $4 to $6 per annum, for young men, and from $3 to $4 for young ladies. Each gentleman's room is furnished with a stove only; each lady's with a stove, table, bedstead and chairs. The charge for Incidental Expenses is $2 for young gentlemen, and $1 for young ladies. Wood is $1.50 per cord.

Students are required to pay their term-bills in advance, or give good security.

YOUNG LADIES' DEPARTMENT.

Young ladies from abroad, desiring admission to the Ladies' Hall, should make previous application in writing, certifying their age, state of health, character, present attainments, and the time they propose to continue here. Those who are admitted, will be duly apprised of their admission.

Young ladies, in general, recite in the same classes with the young men; and in the College classes, when sufficiently advanced in their course.

Young ladies and gentlemen are never allowed to call at each other's rooms, except by special permission in case of severe sickness.

Young ladies are required to keep their rooms after 8 o'clock in the evening, during the summer months, and after half past seven during the winter months.

MANUAL LABOR.

The Institution does not pledge itself to furnish labor for the students: but arrangements have been made with those who lease the lands of the College, to furnish employment, to a certain extent. The College also gives employment to a few around the buildings. Diligent and faithful young men can usually obtain sufficient employment from the inhabitants of the village, every facility being afforded by the College to give students an opportunity of laboring. Many, by daily labor, have been able to pay their board. Others have not been able to do this, while others still have paid their board, washing and room-rent.

Young ladies who board in the Ladies' Hall, have the privilege of defraying a portion of their expenses by domestic labor. But experience has shown that, unless skilled in some lucrative employment, they should not undertake to do more than defray about half the expense of their board.

The long vacation gives an opportunity to those who are qualified, to engage in teaching, by the avails of which many pay a large part of their expenses.

MISCELLANEOUS ITEMS.

The College year is divided into three terms.

The first commences on the Fourth Wednesday of August, and ends on the Fourth Wednesday of November. The second commences on the Fourth Wednesday of February, and ends on the Fourth Wednesday of May. The third commences on the Fourth Wednesday of May, and ends on the Fourth Wednesday of August.

The Annual Commencement is on the Fourth Wednesday of August.

There is one vacation, commencing on the Fourth Wednesday of November, and ending on the Fourth Wednesday of February. There is also a recess from study during the week of the Fourth of July.

During the winter vacation, a select school is taught, under the superintendence of members of the Faculty, which offers advantages equal to the Preparatory Department.

Oberlin is easily accessible from all parts of the country, being situated on the Cleveland and Toledo Railroad, one hour's ride from Cleveland.

Special attention is given to those preparing to teach.

MUSICAL DEPARTMENT.

VOCAL MUSIC.—Systematic and thorough instruction in vocal music is given, without extra charge, to all members of the Institution who desire it. A large portion of the pupils attend to this branch of study.

INSTRUMENTAL MUSIC.—Ample facilities, under competent and experienced teachers, are afforded to all who wish instruction in instrumental music.

TERMS:

Tuition per quarter, ...	$8,00
Use of Instrument, ...	2,00

Young Ladies connected with the Institution, are required to make their arrangements for music under the direction of the Superintendent, Prof. Charles H. Churchill.

TERMS OF ADMISSION, EXPENSES, ETC.

The conditions of admission to the Theological Department are, hopeful piety and liberal education at some College, unless the candidate has otherwise qualified himself for pursuing with advantage the prescribed course of study. He is expected to bring a certificate of good standing in some evangelical church.

Candidates for admission to either of the other Departments, must bring testimonials of good character, and those coming from other institutions must bring a certificate of honorable dismission. None are admitted to full membership until they have honorably passed a probation of six months. None will be received under sixteen years of age, unless committed to the special care of some approved resident of the place; nor any under fourteen, except by special arrangement with the Faculty or Principal of the Female Department.

Tuition is not charged in the Theological Department. In all the other Departments it is $15 per year for young men, and $12 for young ladies.

Board is from $1,25 to $1,50 per week. Washing is 50 cents per dozen. Room-rent in the College buildings is from $4 to $6 per annum, for young men, and from $3 to $4 for young ladies. Each gentleman's room is furnished with a stove only; each lady's with a stove, table, bedstead and chairs. The charge for Incidental Expenses is $2 for young gentlemen, and $1 for young ladies. Wood is $1.50 per cord.

Students are required to pay their term-bills in advance, or give good security.

YOUNG LADIES' DEPARTMENT.

Young ladies from abroad, desiring admission to the Ladies' Hall, should make previous application in writing, certifying their age, state of health, character, present attainments, and the time they propose to continue here. Those who are admitted, will be duly apprised of their admission.

Young ladies, in general, recite in the same classes with the young men; and in the College classes, when sufficiently advanced in their course.

Young ladies and gentlemen are never allowed to call at each other's rooms, except by special permission in case of severe sickness.

Young ladies are required to keep their rooms after eight o'clock in the evening, during the summer months, and after half past seven during the winter months.

MANUAL LABOR.

The Institution does not pledge itself to furnish labor for the students; but arrangements have been made with those who lease the lands of the College, to furnish employment, to a certain extent. The College also gives employment to a few around the buildings. Diligent and faithful young men can usually obtain sufficient employment from the inhabitants of the village, every facility being afforded by the College to give students an opportunity of laboring. Many, by daily labor, have been able to pay their board. Others have not been able to do this, while others still have paid their board, washing, and room-rent.

Young ladies who board in the Ladies' Hall, have the privilege of defraying a portion of their expenses by domestic labor. But experience has shown that, unless skilled in some lucrative employment, they should not undertake to do more than defray about half the expense of their board.

The long vacation gives an opportunity to those who are qualified, to engage in teaching, by the avails of which many pay a large part of their expenses.

MISCELLANEOUS ITEMS.

The College year is divided into three terms.

The first commences on the Fourth Wednesday of August, and ends on the Fourth Wednesday of November. The second commences on the Fourth Wednesday of February, and ends on the Fourth Wednesday of May. The third commences on the Fourth Wednesday of May, and ends on the Fourth Wednesday of August.

The Annual Commencement is on the Fourth Wednesday of August.

There is one vacation, commencing on the Fourth Wednesday of November, and ending on the Fourth Wednesday of February. There is also a recess from study during the week of the Fourth of July.

During the winter vacation, a select school is taught, under the superintendence of members of the Faculty, which offers advantages equal to the Preparatory Department.

Oberlin is easily accessible from all parts of the country, being situated on the Cleveland and Toledo Railroad, one hour's ride from Cleveland.

MUSICAL DEPARTMENT.

VOCAL MUSIC.—Systematic and thorough instruction in vocal music is given, without extra charge, to all members of the Institution who desire it. A large portion of the pupils attend to this branch of study.

INSTRUMENTAL MUSIC.—Ample facilities, under competent and experienced teachers, are afforded to all who wish instruction in instrumental music.

TERMS :

Tuition per quarter, ...	$10,00
Use of Instrument, ...	2,00

Young Ladies connected with the Institution, are required to make their arrangements for music under the direction of the Professor of Music.

TERMS OF ADMISSION, EXPENSES, ETC.

The conditions of admission to the Theological Department are, hopeful piety and liberal education at some College, unless the candidate has otherwise qualified himself for pursuing with advantage the prescribed course of study. He is expected to bring a certificate of good standing in some evangelical church.

Candidates for admission to either of the other Departments, must bring testimonials of good character, and those coming from other institutions must bring a certificate of honorable dismission. None are admitted to full membership until they have honorably passed a probation of six months. None will be received under sixteen years of age, unless committed to the special care of some approved resident of the place; nor any under fourteen, except by special arrangement with the Faculty or Principal of the Female Department.

In the Theological Department no Tuition is charged In the other Departments it is $15 per year for young men, and $12 for young ladies.

Incidental Expenses are $2,25 a year. Room-rent in the College buildings is from $4,50 to $6 per year. Each room is furnished with a stove only.

In the Ladies' Hall, board, room and fuel are afforded for $1,75 per week, the room furnished with a stove, bedstead, table and chairs.

Term-bills must be paid in advance.

Board is from $1,50 to $1,75 per week. In private families, board, including room furnished, fuel, lights and washing, can be obtained for about $2,50 per week.

YOUNG LADIES' DEPARTMENT.

Young ladies from abroad, desiring admission to the Ladies' Hall, should make previous application in writing, certifying their age, state of health, character, present attainments, and the time they propose to continue here. Those who are admitted, will be duly apprised of their admission.

Those who board in the Ladies' Hall, have the privilege of defraying a portion of their expenses by domestic labor.

Young ladies, in general, recite in the same classes with the young men; and in the College classes, when sufficiently advanced in their course.

Young ladies and gentlemen are never allowed to call at each other's rooms, except by special permission in case of severe sickness.

Young ladies are required to keep their rooms after eight o'clock in the evening, during the summer months, and after half past seven during the winter months.

MANUAL LABOR.

The Institution does not pledge itself to furnish labor for the students; but arrangements have been made with those who lease the lands of the College, to furnish employment, to a certain extent. The College also gives employment to a few around the buildings. Diligent and faithful young men can usually obtain sufficient employment from the inhabitants of the village, every facility being afforded by the College to give students an opportunity of laboring. Many, by daily labor, have been able to pay their board. Others have not been able to do this, while others still have paid their board, washing, and room-rent.

The long vacation gives an opportunity to those who are qualified, to engage in teaching, by the avails of which many pay a large part of their expenses. About forty students in the higher departments are employed as teachers in the Preparatory Department.

MISCELLANEOUS ITEMS.

The College year is divided into three terms.

The first commences on the Fourth Wednesday of August and ends on the Fourth Wednesday of November. The second commences on the Fourth Wednesday of February, and ends on the Fourth Wednesday of May. The third commences on the Fourth Wednesday of May, and ends on the Fourth Wednesday of August.

The Annual Commencement is on the Fourth Wednesday of August.

There is one vacation, commencing on the Fourth Wednesday of November, and ending on the Fourth Wednesday of February. There is also a recess from study during the week of the Fourth of July.

During the winter vacation, a select school is taught, under the superintendence of members of the Faculty, which offers advantages equal to the Preparatory Department.

Oberlin is easily accessible from all parts of the country, being situated on the Cleveland and Toledo Railroad, one hour's ride from Cleveland.

MUSICAL DEPARTMENT.

Vocal Music.—Systematic and thorough instruction in vocal music is given, without extra charge, to all members of the Institution who desire it. A large portion of the pupils attend to this branch of study.

Instrumental Music.—Ample facilities, under competent and experienced teachers, are afforded to all who wish instruction in instrumental music.

TERMS:

Tuition per quarter, ...	$10,00
Use of Instrument, ...	2,00

Young Ladies connected with the Institution, are required to make their arrangements for music under the direction of the Principal of the Ladies' Department.

TERMS OF ADMISSION, EXPENSES, ETC.

The conditions of admission to the Theological Department are, hopeful piety and liberal education at some College, unless the candidate has otherwise qualified himself for pursuing with advantage the prescribed course of study. He is expected to bring a certificate of good standing in some evangelical church.

Candidates for admission to either of the other Departments, must bring testimonials of good character, and those coming from other institutions must bring a certificate of honorable dismission.

None are admitted to full membership until they have honorably passed a probation of six months. None will be received under sixteen years of age, unless committed to the special care of some approved resident of the place; nor any under fourteen, except by special arrangement with the Faculty or Principal of the Female Department.

In the Theological Department no Tuition is charged In the other Departments it is $15 per year for young men, and $12 for young ladies.

Incidental Expenses are $2,25 a year. Room-rent in the College buildings is from $4,50 to $6 per year. Each room is furnished with a stove only.

In the Ladies' Hall, board, room and fuel are afforded for $1,75 per week, the room furnished with a stove, bedstead, table and chairs.

Term-bills must be paid in advance.

Board is from $1,50 to $1,75 per week. In private families, board, including room furnished, fuel, lights and washing, can be obtained for about $2,50 per week.

YOUNG LADIES' DEPARTMENT.

Young ladies from abroad, desiring admission to the Ladies' Hall, should make previous application in writing, certifying their age, state of health, character, present attainments, and the time they propose to continue here. Those who are admitted, will be duly apprised of their admission.

Those who board in the Ladies' Hall, have the privilege of defraying a portion of their expenses by domestic labor.

Young ladies, in general, recite in the same classes with the young men; and in the College classes, when sufficiently advanced in their course.

Young ladies and gentlemen are never allowed to call at each other's rooms, except by special permission in case of severe sickness.

Young ladies are required to keep their rooms after eight o'clock in the evening, during the summer months, and after half past seven during the winter months.

PREPARATORY DEPARTMENT.

The Preparatory Department is under the same general supervision with all the other Departments.

It is especially designed to prepare students for College, but is also adapted to meet the wants of those who require a good English education for teaching common schools, or for general business. All the branches are taught in this Department, usually taught in High Schools and Academies. A course of Lectures is delivered every Fall on the Theory and Practice of Teaching.

The Senior Preparatory Class is taught by the Principal and Tutors, the other classes by teachers selected from the Theological and Higher College classes. About forty students are thus employed.

A large portion of the Preparatory students are school teachers or preparing to teach. The average age of the students in the Department is between Nineteen and Twenty years.

MANUAL LABOR.

The Institution does not pledge itself to furnish labor for the students; but arrangements have been made with those who lease the lands of the College, to furnish employment, to a certain extent. The College also gives employment to a few around the buildings. Diligent and faithful young men can usually obtain sufficient employment from the inhabitants of the village, every facility being afforded by the College to give students an opportunity of laboring. Many, by daily labor, have been able to pay their board. Others have not been able to do this, while others still have paid their board, washing, and room-rent.

The long vacation gives an opportunity to those who are qualified, to engage in teaching, by the avails of which many pay a large part of their expenses. About forty students in the higher departments are employed as teachers in the Preparatory Department.

MISCELLANEOUS ITEMS.

The College year is divided into three terms.

The first commences on the Fourth Wednesday of August and ends on the Fourth Wednesday of November.

The second commences on the Fourth Wednesday of February, and ends on the Fourth Wednesday of May.

The third commences on the next Wednesday following the close of the previous term, and ends on the Fourth Wednesday of August.

The Annual Commencement is on the Fourth Wednesday of August.

There is one vacation, commencing on the Fourth Wednesday of November, and ending on the Fourth Wednesday of February. There is also a recess from study of six days from the close of the second term to the commencement of the third.

During the winter vacation, a select school is taught, under the superintendence of members of the Faculty, which offers advantages equal to the Preparatory Department.

Oberlin is easily accessible from all parts of the country, being situated on the Cleveland and Toledo Railroad, one hour's ride from Cleveland.

PREPARATORY DEPARTMENT.

The Preparatory Department is under the same general supervision with all the other Departments, and under the immediate direction and management of the Principal. The members of this Department are subject to the same regulations as the students in College. It is especially designed to prepare students for College, but it is also adapted to meet the wants of those who require a good English education for teaching common schools, or for general business. All the branches are taught in this Department, usually

taught in High Schools and Academies. A course of Lectures is delivered every Fall on the Theory and Practice of Teaching.

The Senior Preparatory Class is taught by the Principal and Tutors, the other classes by teachers selected from the Theological and Higher College classes. About forty students are thus employed.

A large portion of the Preparatory students are school teachers or preparing to teach. The average age of the students in the Department is between Nineteen and Twenty years.

The following are the studies pursued:

MUSICAL DEPARTMENT.

VOCAL MUSIC.—Systematic and thorough instruction in vocal music is given, without extra charge, to all members of the Institution who desire it. A large portion of the pupils attend to this branch of study.

INSTRUMENTAL MUSIC.—Ample facilities, under competent and experienced teachers, are afforded to all who wish instruction in instrumental music.

TERMS:

Tuition per quarter,	$10,00
Use of Instrument,	2,00

Young Ladies connected with the Institution, are required to make their arrangements for music under the direction of the Principal of the Ladies' Department.

LECTURES.

First Term.—Rhetoric and Composition, History, Zoology, Mineralogy and Geology, Anatomy and Physiology, Mental Philosophy, The Theory and Practice of Teaching.

Second Term.—Hygiene, Mineralogy, Conchology, Chemistry, Natural Philosophy and Meteorology, Mental Philosophy, Social and Political science.

Third Term.—Botany, Political Economy, Moral Philosophy.

Throughout the Year, Lectures are delivered in the Theological Department on the subjects of the Course.

Practical Lectures on General Habits, Methods of Study, and other important subjects, are delivered by different members of the Faculty before all the Students, once a month throughout the year.

The Ladies have, in addition, similar lectures once in two weeks from the Principal and the members of the Ladies' Board.

RELIGIOUS EXERCISES.

All students are required to attend Church twice on the Sabbath, and the weekly Religious Lecture, on Thursday.

They are also required to attend daily prayers, in the evening, at the Chapel, and in the morning, in the families in which they board. Every class has a weekly exercise in the English Bible, which all are required to attend.

There is a weekly prayer-meeting on Monday evening for all young people, in the Chapel, conducted by the Students; and a weekly prayer meeting for each class, conducted by one of the Teachers.

EXAMINATIONS.

At the close of each term, the classes are examined in the studies of that term; and the week preceding Commencement is occupied with general examinations in all Department's.

Every recitation and examination is marked, and a record is kept by the Faculty, of the attainments of each student and also of his delinquencies. Information concerning his progress and deportment is, when requested, communicated to the parent or guardian.

LIBRARIES AND CABINETS.

The libraries of the Theological, College and Ladies' Literary Societies, though but recently commenced, contain about 2500 volumes and are receiving constant additions. The College Library contains 5500 volumes and is accessible to all students for a small sum. Efforts are being made to increase the College Library, and a considerable sum has been subscribed for this pur-

pose. Friends of the College will confer a substantial and needed favor by contributions of books to the library.

The Cabinets of Geology, Mineralogy and Conchology contain seven or eight thousand specimens and additions are being made constantly. Contributions to this department also, are earnestly solicited from friends in different parts of the country.

ADMISSION AND EXPENSES.

Candidates for admission to any of the Departments must bring testimonials of good character, and those coming from other institutions must bring a certificate of honorable dismission.

None are admitted to full membership until they have honorably passed a probation of six months. None will be received under sixteen years of age, unless committed to the special care of some approved resident of the place; nor any under fourteen, except by special arrangement with the Faculty or Principal of the Female Department.

In the Theological Department no Tuition is charged. In the other Departments it is $15 per year for young men, and $12 for young ladies.

Incidental Expenses are $2,25 a year. Room rent in the College buildings is from $4,50 to $6 per year. Each room is furnished with a stove only.

In the Ladies' Hall, board, room and fuel are afforded for $1,75 per week, the room furnished with a stove, bedstead, table and chairs.

Term-bills must be paid in advance. No deduction is made even in case of protracted absence provided the student retains his standing.

Board is from $1,50 to $1,75 per week. In private families, board, including room furnished, fuel, lights and washing, can be obtained for about $2,50 per week.

YOUNG LADIES' DEPARTMENT.

Young ladies from abroad, desiring admission to the Ladies' Hall, should make previous application in writing, certifying their age, state of health, character, present attainments, and the time they propose to continue here. Those who are admitted, will be duly apprised of their admission.

Those who board in the Ladies' Hall, have the privilege of defraying a portion of their expenses by domestic labor.

Young ladies and gentlemen are never allowed to call at each other's rooms, except by special permission in case of severe sickness.

Young ladies are required to be in their rooms after eight o'clock in the evening, during the summer months, and after half past seven during the winter months.

Every young lady is required to present, once in two weeks, a written report of her observance, and her failures in the observance of the regulations of the Department, signed by the matron of the family in which she boards.

These reports together with the marks of her recitations are recorded by

the Principal, and open at any time for the inspection of the Faculty, the Ladies' Board and all friends interested.

MANUAL LABOR.

The Institution does not pledge itself to furnish labor for the students; but arrangements have been made with those who lease the lands of the College, to furnish employment, to a certain extent. The College also gives employment to a few around the buildings. Diligent and faithful young men can usually obtain sufficient employment from the inhabitants of the village, every facility being afforded by the College to give students an opportunity of laboring. Many, by daily labor, have been able to pay their board. Others have not been able to do this, while others still have paid their board, washing, and room-rent.

The long vacation gives an opportunity to those who are qualified, to engage in teaching, by the avails of which many pay a large part of their expenses. About forty students in the higher departments are employed as teachers in the Preparatory Department.

TERMS AND VACATIONS.

The College year is divided into three terms.

In order to accommodate those who wish to teach, there is but one vacation, commencing on the Fourth Wednesday of November, and ending on the Fourth Wednesday of February. There is also a recess from study of six days from the close of the second term to the commencement of the third, and and of four days after Commencement.

The Annual Commencement is on the Fourth Wednesday of August.

WINTER SCHOOL.

During the winter vacation, a select school is taught, under the superintendence of members of the Faculty, which offers advantages equal to the Preparatory Department.

Oberlin is easily accessible from all parts of the country, being situated on the Cleveland and Toledo Railroad, one hour's ride from Cleveland.

COURSE OF STUDY.

THEOLOGICAL DEPARTMENT.

The conditions of admission to the Theological Department are hopeful piety and a liberal education at some College, unless the candidate has otherwise qualified himself for pursuing with advantage the prescribed course of study. The candidate is expected to bring a certificate of good standing in some evangelical church.

The terms and vacations are the same with those in the College Department.

The regular course of instruction occupies three years, and comprises the following subjects:

JUNIOR YEAR.

Evidences of Divine Revelation, Sacred Canon, Introduction to the Study of the Old and New Testaments, Biblical Archæology, Biblical Geography, Principles of Interpretation, Greek and Hebrew Exegesis, Mental and Moral Philosophy, Compositions and Extemporaneous Discussions.

MIDDLE YEAR.

Didactic and Polemic Theology, Biblical Theology, Greek and Hebrew Exegesis, Homiletics, Compositions and Extemporaneous Discussions.

SENIOR YEAR.

Pastoral Theology, Sacred Rhetoric, Composition of Sermons, Sacred and Ecclesiastical History, including the History of Theological Opinions, Exegesis continued, Church Government, Extemporaneous Discussions.

SHORTER COURSE.

The following Course, as preparatory to the study of Theology, may be pursued, at the discretion of the Faculty, by students of an advanced age ONLY.

PREPARATORY DEPARTMENT.

The Preparatory Department is under the same general supervision with all the other Departments, and under the immediate direction and management of the Principal. The members of this Department are subject to the same regulations as the students in College. It is especially designed to prepare students for College, but it is also adapted to meet the wants of those who require a good English education for teaching common schools, or for general business. All the branches are taught in this Department, usually taught in High Schools and Academies. A course of Lectures is delivered every Fall on the Theory and Practice of Teaching.

The Senior Preparatory Class is taught by the Principal and Tutors, the other classes by teachers selected from the Theological and Higher College classes. About forty students are thus employed.

A large portion of the Preparatory students are school teachers or preparing to teach. The average age of the students in the Department is between nineteen and twenty years.

The following are the studies pursued:

The members of the Ladies' Department recite with the College Classes when their studies are the same—in the First Year, with the Freshman Class; in the Second Year, with the Sophomore Class; in the Third Year, with the Junior Class, and the Fourth Year, with the Senior Class.

Instead of the Monday Exercises in the Table, Public Rhetorical Exercises, consisting of Original Orations and Essays, from the members of all the College Classes, in turn, occur on the LAST MONDAY of each month; during the Fall Term, from 3 to 5 P. M., and during the Spring and Summer Terms, from 4 to 6 P. M.

Weekly Religious Lecture for all the students on Thursday—Fall Term at 4 P. M., Spring and Summer Terms at 5 P. M.

Daily Prayers in the Chapel—Fall Term at 5 P. M., Spring and Summer Terms at 6 P. M.

EXAMINATIONS.

At the close of each Term, the classes are examined in the studies of that Term; and the week preceding Commencement is occupied with general examinations in all Departments.

Every recitation and examination is marked, and a record is kept by the Faculty, of the attainments of each student, and also of his delinquencies. Information concerning his progress and deportment is, when requested, communicated to the parent or guardian.

LIBRARIES AND CABINETS.

The Libraries of the Theological, College and Ladies' Literary Societies, though but recently commenced, contain about 2,500 volumes, and are receiving constant additions. The College Library contains 5,500 volumes, and is accessible to all students for a small sum. Efforts are being made to increase the College Library, and a considerable sum has been subscribed for this

purpose. Friends of the College will confer a substantial and needed favor by contributions of books to the Library.

The Cabinets of Geology, Mineralogy and Conchology contain seven or eight thousand specimens, labelled and well arranged, and additions are being made constantly. Contributions to this department also, are earnestly solicited from friends in different parts of the country.

ADMISSION AND EXPENSES.

Candidates for admission to any of the Departments must bring testimonials of good character, and those coming from other Institutions must bring a certificate of honorable dismission.

None are admitted to full membership until they have honorably passed a probation of six months. None will be received under sixteen years of age, unless committed to the special care of some approved resident of the place; nor any under fourteen, except by special arrangement with the Faculty or Principal of the Female Department.

In the Theological Department no tuition is charged. In the other Departments it is $15 per year for young men, and $13 for young ladies.

Incidental expenses are $2.25 a year. Room rent in the College buildings is from $4,50 to $6 per year. Each room is furnished with a stove only.

In the Ladies' Hall, board, room and fuel are afforded for $1,75 per week, the room furnished with a stove, bedstead, table and chairs.

Term-bills must be paid in advance. No deduction is made, even in case of protracted absence, provided the student retains his standing.

Board is from $1.50 to $1.75 per week. In private families, board, including room furnished, fuel, lights and washing, can be obtained for about $2,50 per week.

YOUNG LADIES' DEPARTMENT.

Young Ladies from abroad, desiring admission to the Ladies' Hall, should make previous application in writing, certifying their age, state of health, character, present attainments, and the time they propose to continue here. Those who are admitted, will be duly apprised of their admission.

Those who board in the Ladies' Hall, have the privilege of defraying a portion of their expenses by domestic labor.

Young ladies and gentlemen are never allowed to visit each other's rooms, except by special permission in case of severe sickness.

Young ladies are required to be in their rooms after eight o'clock in the evening, during the summer months, and after half-past seven during the winter months.

Every young lady is required to present, once in two weeks, a written report of her observance, and her failures in the observance of the regulations of the Department, signed by the matron of the family in which she boards.

These reports, together with the marks of her recitations, are recorded by the Principal, and open at any time for the inspection of the Faculty, the Ladies' Board, and all friends interested.

MANUAL LABOR.

The Institution does not pledge itself to furnish labor for the students; but arrangements have been made with those who lease the lands of the College, to furnish employment, to a certain extent. The College also gives employment to a few around the buildings. Diligent and faithful young men can usually obtain sufficient employment from the inhabitants of the village, every facility being afforded by the College to give students an opportunity of laboring. Many, by daily labor, have been able to pay their board. Others have not been able to do this, while others still have paid their board, washing, and room rent.

The long vacation gives an opportunity to those who are qualified, to engage in teaching, by the avails of which many pay a large part of their expenses. About forty students in the higher departments are employed as teachers in the Preparatory Department.

TERMS AND VACATIONS.

The College year is divided into three terms.

In order to accommodate those who wish to teach, there is but one vacation, commencing on the Fourth Wednesday of November, and ending on the Fourth Wednesday of February. There is also a recess from study of six days, from the close of the second term to the commencement of the third, and of four days after Commencement.

The Annual Commencement is on the Fourth Wednesday of August.

WINTER SCHOOL.

During the winter vacation, a Select School is taught, under the superintendence of members of the Faculty, which offers advantages equal to the Preparatory Department.

COMMERCIAL INSTITUTE.

A Commercial Institute, under the general patronage of the College, is located in Oberlin, which, it is believed, affords facilities for students and others wishing to qualify themselves for business, equal to those of the best Mercantile Schools in the country. It is under the direction of experienced and able Instructors, and embraces in its course the most approved forms of Book Keeping, and all the branches of Commercial Science usually taught in similar Institutions. The Spencerian System of Penmanship is taught under the supervision of its author. Students in the Institute are required to observe the same regulations as to general conduct, as the students of the College. The moral influence of the place, the absence of temptations to vicious habits, the cheapness of living and the educational facilities of all kinds, give to this Institute advantages seldom found combined.

Oberlin is easily accessible from all parts of the country, being situated on the Cleveland & Toledo Railroad, one hour's ride from Cleveland.

PREPARATORY DEPARTMENT.

The Preparatory Department is under the same general supervision with all the other Departments, and under the immediate direction and management of the Principal. The members of this Department are subject to the same regulations as the students in College. It is especially designed to prepare students for College, but it is also adapted to meet the wants of those who require a good English education for teaching common schools, or for general business. All the branches are taught in this Department, usually taught in High Schools and Academies.

The Senior Preparatory Class is taught by the Principal and Tutors; the other classes by teachers selected from the Theological and Higher College classes. About forty students are thus employed.

A large portion of the Preparatory students are school teachers or preparing to teach. The average age of the students in the Department is between nineteen and twenty years.

The following are the studies pursued:

COURSE PREPARATORY FOR COLLEGE.

To enter upon this course students must have pursued the ordinary English Branches and have studied Latin two terms.

TEACHERS' INSTITUTE.

In addition to the above Course, Teachers' classes are formed every Fall Term, continuing about six weeks, in which special instruction is given in the branches pursued in Common Schools. Teachers are exercised in the best methods of teaching the various branches, and in the general management of schools.

In connection with these classes, a Course of Lectures on the Theory and Practice of Teaching, is delivered every Fall by experienced and distinguished Teachers.

Facilities are thus afforded equal to those in the best Teachers' Institutes.

YOUNG LADIES' DEPARTMENT.

The Young Ladies' Department is under the immediate direction of the Principal and the Assistant Principal, and the general supervision of the Ladies' Board of Managers and Faculty. The Course of Study is designed to give Young Ladies facilities for thorough mental discipline, and the special training which will qualify them for teaching and the other duties of their sphere. The advanced classes are taught by the Professors, and recite with the College classes where their studies are the same. The lower classes are taught as the classes in the College Preparatory Department, with which they usually recite.

MUSIC, DRAWING AND PAINTING.

Vocal Music.—Systematic and thorough instruction in Vocal Music is given, without extra charge, to all members of the Institution who desire it. A large portion of the pupils attend to this branch of study.

Instrumental Music.—Ample facilities, under competent and experienced teachers, are afforded to all who wish instruction in Instrumental Music.

TERMS FOR INSTRUCTION ON THE PIANO.

Tuition per Quarter,	$10,00
Use of Instrument,	2,00

The best instruction is afforded in the art of Drawing and Painting. The teacher employed in this Department is an experienced and skillful artist, and has had eminent success in imparting the art to others.

The Ladies of the first year receive a course in Linear Drawing without extra charge. For others the Prices per term are as follows:

Oil Painting with use of models,	$8,00
Water Colors with use of paints and brushes,	4,00
Crayon Drawing, Term of 50 Lessons,	4,00
Linear Drawing, Term of 50 Lessons,	3,00

Young Ladies connected with the Institution, are required to make their arrangements for Music and Drawing under the direction of the Principal of the Ladies' Department.

FRENCH.

The French Language is taught by an accomplished and educated Frenchman, who gives instruction to classes several hours a day, and to private pupils whenever it is desired. Superior facilities are thus afforded to all for acquiring a thorough knowledge of this Language.

RELIGIOUS EXERCISES.

All students are required to attend Church twice on the Sabbath, and the weekly religious Lecture, on Thursday.

They are also required to attend Daily Prayers, in the evening, at the Chapel, and in the morning, in the families in which they board. Every class has a weekly exercise in the English Bible, which all are required to attend.

There is a weekly Prayer-Meeting on Monday evening for all young people, in the Chapel, conducted by the students; and weekly Prayer-Meeting for each class, conducted by one of the teachers.

The members of the Ladies' Department recite with the College Classes when their studies are the same — in the First Year, with the Freshman Class; in the Second Year, with the Sophomore Class; in the Third Year, with the Junior Class, and the Fourth Year with the Senior Class.

Instead of the Monday Exercises in the Table, Public Rhetorical Exercises, consisting of Original Orations and Essays, from the members of all the College Classes, in turn, occur on the LAST MONDAY of each month:—during the Fall Term, from 3 to 5 P. M., and during the Spring and Summer Terms, from 4 to 6 P. M.

Weekly Religious Lectures for all the students on Thursday — Fall Term at 4 P. M., Spring and Summer Terms at 5 P. M.

Daily Prayers in the Chapel — Fall Term at 5 P. M., Spring and Summer Terms at 6 P. M.

LECTURES.

FIRST TERM.—Rhetoric and Composition, History, Zoology, Mineralogy and Geology, Anatomy and Physiology, Mental Philosophy, the Theory and Practice of Teaching.

SECOND TERM.—Hygiene, Mineralogy, Conchology, Chemistry, Natural Philosophy and Meteorology, Mental Philosophy, Political Economy.

THIRD TERM.—Botany, Social and Political Science, Moral Philosophy.

THROUGHOUT THE YEAR, Lectures are delivered in the Theological Department on the subjects of the Course.

Practical Lectures on General Habits, Methods of Study, and other important subjects, are delivered by different members of the Faculty before all the students, once a month throughout the year.

The Ladies have, in addition, similar Lectures once in two weeks from the Principal and the members of the Ladies' Board.

EXAMINATIONS.

At the close of each Term the classes are examined in the studies of that Term; and the week preceding Commencement is occupied with general examinations in all departments.

Every recitation and examination is marked, and a record is kept by the Faculty, of the attainments of each student, and also of his delinquences. Information concerning his progress and deportment is, when requested, communicated to the parent or guardian.

LIBRARIES AND CABINETS.

The Libraries of the Theological, College and Ladies Literary Societies, though but recently commenced, contain about 2,500 volumes, and are receiving constant additions. The College Library contains 5,500 volumes, and is accessible to all students for a small sum. Efforts are being made to increase the College Library, and a considerable sum has been subscribed for this purpose. Friends of the College will confer a substantial and needed favor by contributions of books to the Library.

The Cabinets of Geology, Mineralogy and Conchology contain seven or eight thousand specimens, labelled and well arranged, and additions are being made constantly. Contributions to this department, also, are earnestly solicited from friends in different parts of the country.

ADMISSION AND EXPENSES.

Candidates for admission to any of the Departments must bring testimonials of good character, and those coming from other Institutions must bring a certificate of honorable dismission.

None are admitted to full membership until they have honorably passed a probation of six months. None will be received under sixteen years of age, unless committed to the special care of some approved resident of the place; nor any under fourteen, except by special arrangement with the Faculty or Principal of the Female Department.

In the Theological Department no tuition is charged. In the other Departments it is $15 per year for young men, and $13 for young ladies.

Incidental expenses are $2,25 a year. Room rent in the College buildings is from $4,50 to $6,00 per year. Each room is furnished with a stove only.

In the Ladies' Hall, board, room and fuel are afforded for $1,75 per week, the room furnished with a stove, bedstead, table and chairs.

Term-bills must be paid in advance. No deduction is made, even in case of protracted absence, provided the student retains his standing.

Board is from $1,50 to $1,75 per week. In private families, board, including room furnished, fuel, lights and washing, can be obtained for about $2,50 per week.

YOUNG LADIES' DEPARTMENT.

Young Ladies from abroad, desiring admission to the Ladies' Hall, should make previous application in writing, certifying their age, state of health, character, present attainments, and the time they propose to continue here. Those who are admitted, will be duly apprised of their admission.

Those who board in the Ladies' Hall, have the privilege of defraying a portion of their expenses by domestic labor.

Young ladies and gentlemen are never allowed to visit each other's rooms, except by special permission in case of severe sickness.

Young ladies are required to be in their rooms after eight o'clock in the evening, during the summer months, and after half-past seven during the winter months.

Every young lady is required to present, once in two weeks, a written report of her observance, and her failures in the observance of the regulations of the Department, signed by the matron of the family in which she boards.

These reports, together with the marks of her recitations, are recorded by the Principal, and open at any time for the inspection of the Faculty, the Ladies' Board, and all friends interested.

MANUAL LABOR.

The Institution does not pledge itself to furnish labor for the students; but arrangements have been made with those who lease the lands of the College, to furnish employment, to a certain extent. The College also gives employment to a few around the buildings. Diligent and faithful young men can usually obtain sufficient employment from the inhabitants of the village, every facility being afforded by the College to give students an opportunity of laboring. Many, by daily labor, have been able to pay their board. Others have not been able to do this, while others still have paid their board, washing and room rent.

The long vacation gives an opportunity to those who are qualified, to engage in teaching, by the avails of which many pay a large part of their expenses. About forty students in the higher departments are employed as teachers in the Prepartory Department.

TERMS AND VACATIONS.

The Annual Commencement is on the Fourth Wednesday of August.

The College year is divided into three terms:—The first term begins the next Monday after Commencement, and ends on the Saturday preceding the Fourth Wednesday of November. The second begins on the Fourth Wednesday of February, and ends on the Fourth Wednesday of May. The third begins the next Wednesday following the close of the previous term, and ends on the Fourth Wednesday of August.

In order to accommodate those who wish to teach, there is but one vacation, commencing on the Saturday before the Fourth Wednesday of November, and ending on the Fourth Wednesday of February. There is also a recess from study of six days, from the close of the second term to the commencement of the third, and of four days after Commencement.

WINTER SCHOOL.

During the winter vacation, a Select School is taught, under the superintendence of members of the Faculty, which offers advantages equal to the Preparatory Department.

COMMERCIAL INSTITUTE.

A Commercial Institute, under the general patronage of the College, is located in Oberlin, which, it is believed, affords facilities for students and others wishing to qualify themselves for business, equal to those of the best Mercantile Schools in the country. It is under the direction of experienced and able Instructors, and embraces in its Course the most approved forms of Book-Keeping, and all the branches of Commercial Science usually taught in similar Institutions. The Spencerian System of Penmanship is taught under the supervision of its author. Students in the Institute are required to observe the same regulations as to general conduct, as the students of the College.

The moral influence of the place, the absence of temptations to vicious habits, the cheapness of living, and the educational facilities of all kinds, give to this Institute advantages seldom found combined.
